GRAND CANYON NATIONAL PARK

Grand Canyon National Park, one of the Seven Wonders of the World, encompasses 1,218,375 acres and lies on the Colorado Plateau in Northwestern Arizona.

Although first afforded Federal protection in 1893 as a Forest Reserve and later as a National Monument, Grand Canyon National Park was finally established as the 17th U.S. National Park by an Act of Congress signed into law by President Woodrow Wilson on February 26, 1919. Today Grand Canyon National Park receives close to five million visitors each year.
